SAFETY DATA SHEET

ECO CLEAN Stainless Steel Cleaner

Product code: D11035
Version 3 | Issue date 2026-10-26 | Supersedes Version 2 (2026-07-10)

SECTION 1. IDENTIFICATION

Product identifier

Product name ECO CLEAN Stainless Steel Cleaner

Other means of identification EcoClean Stainless Steel Cleaner; Stainless steel and metal cleaner

Product code	Package	Net contents	UPC
D11035	Case of 12 trigger-spray bottles	12 x 32 fl oz (946 mL)	787302110353

Recommended use and restrictions on use

Recommended use Ready-to-use cleaner for stainless steel and other metal surfaces, such as tables, sinks, doors and equipment. Removes oils, inks, food residue, water spots and fingerprints. Spray on and wipe with a clean, dry cloth.

Restrictions on use Do not mix with other cleaning products or chemicals. Rinse surfaces that come into contact with food with potable water after cleaning.

Manufacturer or supplier

Company Gascó Industrial Corp.
Address Calle A Lote 3, Rincón Industrial Park, Gurabo, PR 00778
Mailing address PO Box 1360, Gurabo, PR 00778
Telephone (787) 737-4000
Email orders@gascoindustrial.com
Website www.gascoindustrial.com

Emergency telephone number

Poison Control 1-800-222-1222 (24 hours)

SECTION 2. HAZARD(S) IDENTIFICATION

Classification of the chemical

This product is not classified as hazardous under the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Label elements

Pictograms Not applicable
Signal word Not applicable

Other hazards

Hazards of chemical reaction products None known
Hazards not otherwise classified (HNOC) None known

Other hazards which do not result in classification Direct contact with the eyes may cause temporary irritation. The product contains a preservative and a fragrance component that are skin sensitizers, each far below the concentration that classifies the product; persons who are already sensitized may react. Spilled product makes floors slippery.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance or mixture Mixture

Chemical name	CAS number or other identifier	Concentration (%)	GHS classification
Water	7732-18-5	Balance	Not classified

Concentrations are percent by weight. No ingredient is present at or above the concentration that requires disclosure under 29 CFR 1910.1200; water makes up the balance.

SECTION 4. FIRST-AID MEASURES

Inhalation If mist is inhaled and irritation occurs, move the person to fresh air. Get medical attention if symptoms persist.

Skin contact Wash skin with soap and plenty of water. If skin irritation or a rash occurs, get medical attention.

Eye contact	Hold the eye open and rinse slowly and gently with water for 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Get medical attention if irritation persists.
Ingestion	Rinse mouth with water. If the person is able to swallow, have the person drink one or two glasses of water. Do not induce vomiting unless told to do so by Poison Control or a doctor. Never give anything by mouth to an unconscious person. Call Poison Control at 1-800-222-1222 or a doctor for treatment advice.
Most important symptoms and effects, acute and delayed	Eyes: redness, tearing and stinging. Skin: dryness after prolonged contact; in persons already sensitized, redness, itching and rash. Ingestion: irritation of the mouth and throat, nausea and stomach discomfort. Inhalation of mist: irritation of the nose and throat.
Immediate medical attention and special treatment	Treat symptomatically. Have the product container or this Safety Data Sheet with you when calling Poison Control or a doctor, or going for treatment.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	Use media suitable for the surrounding fire. The product is a water-based solution and is not flammable.
Unsuitable extinguishing media	None known
Specific hazards arising from the chemical	The product is a water-based solution and has no flash point. If the water evaporates in a fire, the residue may burn and release carbon monoxide, carbon dioxide, nitrogen oxides and sulfur oxides.
Special protective equipment and precautions for fire-fighters	Wear positive-pressure self-contained breathing apparatus and full protective fire-fighting gear. Cool containers exposed to fire with water spray. Contain runoff from fire control.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	Avoid contact with eyes. Wear the eye protection listed in Section 8. Spilled product makes floors slippery.
Environmental precautions	Prevent large spills from entering drains, sewers and waterways.
Methods and materials for containment and cleaning up	Stop the leak if it can be done without risk. Wipe up small spills with a damp cloth or mop. Absorb larger spills with inert material such as sand, earth or absorbent pads and place it in a closed container for disposal. Rinse the area with water.

SECTION 7. HANDLING AND STORAGE

Precautions for safe handling	Avoid contact with eyes and avoid breathing spray mist. Do not spray toward the eyes or face. Do not mix with other cleaning products or chemicals. Wash hands with soap and water after handling and before eating, drinking or smoking.
Conditions for safe storage, including any incompatibilities	Store in the original container, tightly closed, in a cool, well-ventilated area out of direct sunlight, at 5 to 40 °C (41 to 104 °F). Protect from freezing. Keep out of reach of children. Keep away from strong oxidizing agents, such as bleach, and from strong acids.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational exposure limits

No component of this product has an established occupational exposure limit.

Exposure controls and personal protective equipment

Other exposure guidelines	No ingredient listed in Section 3 has an established OSHA PEL, ACGIH TLV or NIOSH REL.
Engineering controls	General ventilation is adequate for use as directed.
Eye and face protection	Safety glasses are recommended when spraying the product. Wear chemical splash goggles where splashing is possible, such as when filling or transferring the product.
Hand protection	Not required for normal use. For prolonged or repeated contact, wear chemical-resistant gloves, such as nitrile rubber.
Body protection	No special protective clothing is required.
Respiratory protection	Not normally required. Avoid breathing spray mist and use the product in a well-ventilated area.
General hygiene	Wash hands after handling and before eating, drinking or smoking.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid	**Color**	Clear
Odor	Mild, characteristic	**Odor threshold**	No data available

Melting point/freezing point	No data available	**Initial boiling point and boiling range**	Approx. 100 °C (212 °F)
Flammability	Not flammable	**Flammability limits in air**	Not applicable
Flash point	No flash point (water-based solution)	**Auto-ignition temperature**	Not applicable (water-based solution)
Decomposition temperature	No data available	**pH**	No data available
Kinematic viscosity	The product is a thin, water-like liquid	**Solubility in water**	Completely miscible
Partition coefficient n-octanol/water (log value)	No data available		
Vapor pressure	Approx. 2.4 kPa (18 mmHg) at 20 °C (68 °F), mainly water		
Evaporation rate	No data available		
Density	Approx. 1.01 g/cm³ (8.4 lb/US gal) at 20 °C (68 °F)		
Relative density (water = 1)	Approx. 1.01 at 20 °C (68 °F)	**Relative vapor density (air = 1)**	Approx. 0.6, as water vapor
Particle characteristics	Not applicable		

SECTION 10. STABILITY AND REACTIVITY

Reactivity	No hazardous reactions are known under normal conditions of storage and use.
Chemical stability	Stable under recommended storage and handling conditions.
Possibility of hazardous reactions	None known. Hazardous polymerization does not occur.
Conditions to avoid	Freezing, temperatures above 40 °C (104 °F) and mixing with other chemicals.
Incompatible materials	Strong oxidizing agents, such as bleach, and strong acids.
Hazardous decomposition products	None under normal conditions of storage and use. Burning of the dried residue: carbon monoxide, carbon dioxide, nitrogen oxides and sulfur oxides.

SECTION 11. TOXICOLOGICAL INFORMATION

Likely routes of exposure	Eye contact, skin contact, ingestion and inhalation of mist.
Symptoms	Eyes: redness, tearing and stinging. Skin: dryness after prolonged contact. Ingestion: irritation of the mouth and throat, nausea and stomach discomfort. Inhalation of mist: irritation of the nose and throat.
Delayed and immediate effects and chronic effects	Immediate: temporary eye irritation on direct contact. Delayed: an allergic skin reaction is possible in persons already sensitized to the preservative or the fragrance component. Chronic: prolonged or repeated contact may dry the skin.
Acute toxicity	Not classified
Acute toxicity estimates (ATE)	Oral: ATEmix greater than 100,000 mg/kg, calculated from the ingredients. Dermal and inhalation: no data available for the product; not classified.
Skin corrosion/irritation	Not classified, based on the ingredients. Prolonged or repeated contact may dry the skin.
Serious eye damage/eye irritation	Not classified, based on the ingredients: the ingredients that irritate or damage the eyes are each present below 1%. Direct contact may cause temporary irritation.
Respiratory or skin sensitization	Not classified. The preservative and a fragrance component are skin sensitizers, each present far below the concentration that would classify the product. Persons who are already sensitized may react. Respiratory sensitization: not classified.
Germ cell mutagenicity	Not classified. No ingredient present at 0.1% or more is classified as a germ cell mutagen.
Carcinogenicity	Not classified. No ingredient present at 0.1% or more is listed as a carcinogen or potential carcinogen by NTP, IARC or OSHA.
Reproductive toxicity	Not classified
Specific target organ toxicity, single exposure	Not classified
Specific target organ toxicity, repeated exposure	Not classified
Aspiration hazard	Not classified
Interactive effects	None known

SECTION 12. ECOLOGICAL INFORMATION

Ecotoxicity No data available for the product. Some minor ingredients are toxic or harmful to aquatic life, but each is present at a low concentration, and the product is not classified as hazardous to the aquatic environment.

Persistence and degradability No data available for the product.

Bioaccumulative potential No data available for the product.

Mobility in soil The product is miscible with water.

Other adverse effects Do not release undiluted product to surface water, storm drains or waterways.

SECTION 13. DISPOSAL CONSIDERATIONS

Waste treatment methods Dispose of contents and container in accordance with local, state and federal regulations. Do not discharge undiluted product to storm drains or waterways.

RCRA waste code None expected. When discarded unused, the product is not a listed hazardous waste. It is a water-based solution with no flash point, so it is not ignitable (D001). It is not reactive and contains none of the toxicity characteristic contaminants of 40 CFR 261.24.

Contaminated packaging Do not reuse or refill empty bottles. Rinse empty containers with water and dispose of them in the trash or as local regulations allow.

SECTION 14. TRANSPORT INFORMATION

	DOT (US ground)	IMDG (sea)	IATA (air)
UN number	Not regulated	Not regulated	Not regulated
UN proper shipping name	Not applicable	Not applicable	Not applicable
Transport hazard class	Not applicable	Not applicable	Not applicable
Packing group	Not applicable	Not applicable	Not applicable
Hazard labels	Not applicable	Not applicable	Not applicable
Marine pollutant	No	No	Not applicable
Notes	Not regulated as a hazardous material.	Not regulated. Not a marine pollutant.	Not regulated.

Packages Case of 12 plastic trigger-spray bottles of 32 fl oz (946 mL).

Emergency response guide Not applicable

Transport in bulk according to MARPOL Annex II Not applicable (shipped in packages, not in ship tanks)

Special precautions for user Keep bottles upright and closed. Protect from freezing.

SECTION 15. REGULATORY INFORMATION

OSHA hazard communication This product is not classified as a hazardous chemical under 29 CFR 1910.1200.

TSCA inventory The ingredients listed in Section 3 are listed on the TSCA Inventory or are exempt from listing.

SARA 302 extremely hazardous substances Not listed

SARA 311/312 hazard categories None (not classified as hazardous).

SARA 313 toxic chemicals No ingredient listed in Section 3 is subject to the supplier notification requirements of 40 CFR 372.

CERCLA reportable quantity No ingredient listed in Section 3 is a CERCLA hazardous substance.

New Jersey right-to-know No ingredient listed in Section 3 is on the New Jersey right-to-know list.

Pennsylvania right-to-know No ingredient listed in Section 3 is on the Pennsylvania right-to-know list.

Massachusetts right-to-know No ingredient listed in Section 3 is on the Massachusetts right-to-know list.

California Proposition 65 No ingredient listed in Section 3 is on the Proposition 65 list.

SECTION 16. OTHER INFORMATION, INCLUDING DATE OF PREPARATION OR LAST REVISION

Date of preparation or last revision

Issue date 2026-10-26 **Version** 3

Supersedes Version 2 (2026-07-10)

Hazard ratings

NFPA 704

HMIS

Health	1
Flammability	0
Physical hazard	0
Personal protection	A

NFPA 704 ratings run from 0 (minimal hazard) to 4 (severe hazard). HMIS rating scale: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe. The HMIS personal protection letter refers to the HMIS equipment index.

NFPA 704 and HMIS ratings are provided for reference only and are not part of the GHS classification.
