SAFETY DATA SHEET

ECO CLEAN Floral Odor Counteractant

Product code: D11071

Version 1 | Issue date 2026-10-26 | Supersedes Earlier SDS, unnumbered

SECTION 1. IDENTIFICATION

Product identifier

Product name ECO CLEAN Floral Odor Counteractant

Other means of identification EcoClean Floral Odor Counteractant; Floral Odor Counteractant

Product code	Package	Net contents	UPC
D11071	Case of 4 jugs	4 x 1 US gal (3.785 L)	787302110711

Recommended use and restrictions on use

Recommended use Odor counteractant for floors and hard surfaces. For mopping, use 4 fl oz per bucket of water. On surfaces, the label directs spraying the undiluted product with an atomizer.

Restrictions on use For professional and institutional use. Do not spray toward people or food. Do not mix with other cleaning products or chemicals.

Manufacturer or supplier

Company Gascó Industrial Corp.

Address Calle A Lote 3, Rincón Industrial Park, Gurabo, PR 00778

Mailing address PO Box 1360, Gurabo, PR 00778

Telephone (787) 737-4000

Email orders@gascoindustrial.com

Website www.gascoindustrial.com

Emergency telephone number

Poison Control 1-800-222-1222 (24 hours)

SECTION 2. HAZARD(S) IDENTIFICATION

Classification of the chemical

Skin sensitization Category 1

Label elements

Signal word

Warning

Hazard statements

H317 May cause an allergic skin reaction.

Precautionary statements

Prevention

P102 Keep out of reach of children.

P261 Avoid breathing mist/spray.

P272 Contaminated work clothing must not be allowed out of the workplace.

P280 Wear protective gloves.

Response

P302+P352 If on skin: Wash with plenty of water.

P321 Specific treatment (see Section 4 of this Safety Data Sheet).

P333+P313 If skin irritation or rash occurs: Get medical advice/attention.

P362+P364 Take off contaminated clothing and wash it before reuse.

Disposal

P501 Dispose of contents/container in accordance with local, state and federal regulations.

Other hazards

Hazards of chemical reaction products	None known	**Hazards not otherwise classified (HNOC)**	None known
Other hazards which do not result in classification	Direct contact with the eyes may cause temporary irritation. Spilled product makes floors slippery.		
Unknown acute toxicity	Approx. 4% of the mixture consists of ingredients of unknown acute toxicity.		

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance or mixture Mixture

Chemical name	CAS number or other identifier	Concentration (%)	GHS classification
Preservative	Trade secret	0.1 to 1 (w/w)	Acute toxicity (oral), Category 3 (H301); Acute toxicity (dermal), Category 3 (H311); Acute toxicity (inhalation), Category 3 (H331); Skin corrosion/irritation, Category 1C (H314); Skin sensitization, Category 1A (H317); Hazardous to the aquatic environment, acute hazard, Category 1 (H400); Hazardous to the aquatic environment, long-term hazard, Category 1 (H410)
Hydrotrope	Trade secret	1 to 5 (w/w)	Serious eye damage/eye irritation, Category 2A (H319)
Water	7732-18-5	Balance	Not classified

Concentrations are percent by weight. The specific chemical identities and exact percentages of the preservative, hydrotrope have been withheld as a trade secret under 29 CFR 1910.1200(i); their concentrations are given as ranges.

SECTION 4. FIRST-AID MEASURES

Inhalation If mist is inhaled and irritation occurs, move the person to fresh air. Get medical attention if symptoms persist.

Skin contact Take off contaminated clothing. Wash skin with soap and plenty of water for 10 minutes. If skin irritation or a rash occurs, get medical attention. Wash contaminated clothing before reuse.

Eye contact Hold the eye open and rinse slowly and gently with water for 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Get medical attention if irritation persists.

Ingestion Rinse mouth with water. If the person is able to swallow, have the person drink one or two glasses of water. Do not induce vomiting unless told to do so by Poison Control or a doctor. Never give anything by mouth to an unconscious person. Call Poison Control at 1-800-222-1222 or a doctor for treatment advice.

Most important symptoms and effects, acute and delayed Eyes: redness, tearing and stinging. Skin: dryness after prolonged contact; in sensitized persons, redness, itching and rash (allergic contact dermatitis), which may appear hours after contact. Ingestion: irritation of the mouth and throat, nausea and stomach discomfort. Inhalation of mist: irritation of the nose and throat.

Immediate medical attention and special treatment Treat symptomatically. Treat an allergic skin reaction as contact dermatitis. Have the product container or this Safety Data Sheet with you when calling Poison Control or a doctor, or going for treatment.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media Use media suitable for the surrounding fire. The product is a water-based solution and is not flammable.

Unsuitable extinguishing media None known

Specific hazards arising from the chemical The product is a water-based solution and has no flash point. If the water evaporates in a fire, the residue may burn and release carbon monoxide, carbon dioxide, nitrogen oxides, sulfur oxides and hydrogen chloride.

Special protective equipment and precautions for fire-fighters Wear positive-pressure self-contained breathing apparatus and full protective fire-fighting gear. Cool containers exposed to fire with water spray. Contain runoff from fire control.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures Avoid contact with eyes and skin. Wear the protective gloves and eye protection listed in Section 8. Spilled product makes floors slippery.

Environmental precautions Prevent large spills from entering drains, sewers and waterways.

Methods and materials for containment and cleaning up	Stop the leak if it can be done without risk. Wipe up small spills with a damp cloth or mop. Absorb larger spills with inert material such as sand, earth or absorbent pads and place it in a closed container for disposal. Rinse the area with water.

SECTION 7. HANDLING AND STORAGE

Precautions for safe handling	Avoid contact with eyes, skin and clothing and do not breathe spray mist. Wear protective gloves when handling or spraying the undiluted product and for prolonged or repeated contact. Use as directed on the label. Do not mix with other cleaning products or chemicals. Wash hands thoroughly with soap and water after handling and before eating, drinking or smoking.
Conditions for safe storage, including any incompatibilities	Store in the original container, tightly closed, in a cool, well-ventilated area out of direct sunlight, at 5 to 40 °C (41 to 104 °F). Protect from freezing. Keep out of reach of children. Keep away from strong oxidizing agents, such as bleach, and from strong acids.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational exposure limits

No component of this product has an established occupational exposure limit.

Exposure controls and personal protective equipment

Exposure limits	No ingredient listed in Section 3 has an OSHA, ACGIH or NIOSH limit.
Engineering controls	General ventilation is adequate for use as directed. Provide an eyewash station where the undiluted product is handled in quantity.
Eye and face protection	Safety glasses with side shields. Wear chemical splash goggles where splashing of the undiluted product is possible, such as when filling sprayers or diluting.
Hand protection	The product is a skin sensitizer. Wear chemical-resistant gloves, such as nitrile rubber, when handling the undiluted product and whenever prolonged or repeated skin contact is likely.
Body protection	No special protective clothing is required. Change clothing that becomes wet with the product.
Respiratory protection	Not normally required. Avoid breathing spray mist: spray at surfaces or into the air at arm's length, not toward the face, and use the product in a well-ventilated area.
General hygiene	Wash hands after handling and before eating, drinking or smoking. Take off contaminated clothing and wash it before reuse. Contaminated work clothing must not be allowed out of the workplace.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid	**Color**	Pink
Odor	Floral	**Odor threshold**	No data available
Melting point/freezing point	Less than 0 °C (32 °F)	**Initial boiling point and boiling range**	Approx. 101 °C (214 °F)
Flammability	Not flammable	**Flammability limits in air**	Not applicable
Flash point	No flash point (water-based solution)	**Auto-ignition temperature**	Not applicable
Decomposition temperature	No data available		
pH	6 to 7 (undiluted, product specification)		
Kinematic viscosity	Less than 5 mm²/s (thin, water-like liquid)		
Solubility in water	Completely miscible	**Partition coefficient n-octanol/water (log value)**	No data available
Vapor pressure	Approx. 2.4 kPa (18 mmHg) at 20 °C (68 °F), mainly water		
Evaporation rate	No data available		
Density	Approx. 1.00 g/cm³ (8.4 lb/US gal) (estimated from the formula)		
Relative density (water = 1)	Approx. 1.00	**Relative vapor density (air = 1)**	Approx. 0.6, as water vapor
Particle characteristics	Not applicable		

SECTION 10. STABILITY AND REACTIVITY

Reactivity	No hazardous reactions are known under normal conditions of storage and use.
Chemical stability	Stable under recommended storage and handling conditions.
Possibility of hazardous reactions	None known. Hazardous polymerization does not occur.
Conditions to avoid	Freezing, temperatures above 40 °C (104 °F) and mixing with other chemicals.
Incompatible materials	Strong oxidizing agents, such as bleach, and strong acids.

Hazardous decomposition products	None under normal conditions of storage and use. Burning of the dried residue: carbon monoxide, carbon dioxide, nitrogen oxides, sulfur oxides and hydrogen chloride.

SECTION 11. TOXICOLOGICAL INFORMATION

Likely routes of exposure	Eye contact, skin contact, ingestion and inhalation of mist.
Symptoms	Eyes: redness, tearing and stinging. Skin: dryness after prolonged contact; in sensitized persons, redness, itching and rash, which may appear hours after contact. Ingestion: irritation of the mouth and throat, nausea and stomach discomfort. Inhalation of mist: irritation of the nose and throat.
Delayed and immediate effects and chronic effects	Immediate: eye irritation on direct contact. Delayed: an allergic skin reaction may appear hours to days after contact in sensitized persons. Chronic: once sensitized, a person may react to later contact with small amounts of the product; prolonged or repeated contact may dry the skin.
Acute toxicity	Not classified
Acute toxicity estimates (ATE)	Oral: greater than 5,000 mg/kg (calculated). Dermal: greater than 5,000 mg/kg (calculated). Inhalation: no data available for the product; not classified.
Skin corrosion/irritation	Not classified, based on the actual concentrations of the ingredients listed in Section 3 (additivity method of 29 CFR 1910.1200 Appendix A); pH 6 to 7. Prolonged or repeated contact may dry or irritate the skin.
Serious eye damage/eye irritation	Not classified, based on the actual concentrations of the ingredients listed in Section 3 (additivity method of 29 CFR 1910.1200 Appendix A). Direct contact may cause temporary irritation.
Respiratory or skin sensitization	Skin sensitization, Category 1. May cause an allergic skin reaction. The preservative contains skin sensitizers that cause allergic reactions at very low concentrations; they are present above the concentration that classifies a mixture, and the product is classified because of them. No data are available for the fragrance ingredients. Respiratory sensitization: not classified.
Germ cell mutagenicity	Not classified. No ingredient present at 0.1% or more is classified as a germ cell mutagen.
Carcinogenicity	Not classified. No ingredient listed in Section 3 with a known identity is listed as a carcinogen or potential carcinogen by NTP, IARC or OSHA. No data are available for the fragrance ingredients.
Reproductive toxicity	Not classified
Specific target organ toxicity, single exposure	Not classified
Specific target organ toxicity, repeated exposure	Not classified
Aspiration hazard	Not classified
Interactive effects	None known
Component data: Preservative	
Skin sensitization, mouse local lymph node assay	Sensitizing
Component data: Hydrotrope	

LD50 oral, rat	7,000 mg/kg	**LD50 dermal, rabbit**	Greater than 2,000 mg/kg

SECTION 12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available for the product or the fragrance. The preservative is very toxic to aquatic life with long lasting effects (see Section 3); its concentration in the product is very low. The hydrotrope has low aquatic toxicity.
Persistence and degradability	No data available for the product. The hydrotrope is readily biodegradable. The preservative is not readily biodegradable in standard tests.
Bioaccumulative potential	No data available for the product. The ingredients with known data are not expected to bioaccumulate.
Mobility in soil	The product is miscible with water.
Other adverse effects	Do not release undiluted product to surface water, storm drains or waterways.

SECTION 13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Dispose of contents and container in accordance with local, state and federal regulations. Do not discharge undiluted product to storm drains or waterways.
RCRA waste code	None. When discarded unused, the product is not a listed hazardous waste and has no hazardous waste characteristic: it is not ignitable (D001: no flash point; in addition, 40 CFR 261.21(a)(1) excludes aqueous solutions containing less than 24% alcohol by volume and at least 50% water by weight), not corrosive (D002: pH 6 to 7) and not reactive, and it contains none of the toxicity characteristic contaminants of 40 CFR 261.24.
Contaminated packaging	Do not reuse or refill empty jugs. Rinse empty containers with water, add the rinse water to the use solution, and dispose of the containers in the trash or as local regulations allow.

SECTION 14. TRANSPORT INFORMATION

	DOT (US ground)	IMDG (sea)	IATA (air)
UN number	Not regulated	Not regulated	Not regulated
UN proper shipping name	Not applicable	Not applicable	Not applicable
Transport hazard class	Not applicable	Not applicable	Not applicable
Packing group	Not applicable	Not applicable	Not applicable
Hazard labels	Not applicable	Not applicable	Not applicable
Marine pollutant	No	No	Not applicable
Notes	Not regulated as a hazardous material.	Not regulated. Not a marine pollutant.	Not regulated.

Packages Case of 4 plastic jugs of 1 US gal (3.785 L), about 34 lb (15.2 kg) of product per case.

Emergency response guide Not applicable

Transport in bulk according to MARPOL Annex II Not applicable (shipped in packages, not in ship tanks)

Special precautions for user Keep jugs upright and closed. Protect from freezing.

SECTION 15. REGULATORY INFORMATION

OSHA hazard communication This product is a hazardous chemical under 29 CFR 1910.1200 (skin sensitizer).

TSCA inventory Water, the hydrotrope and the preservative ingredients are listed as active on the TSCA Inventory. No TSCA information is available for the fragrance ingredients.

SARA 302 extremely hazardous substances Not listed

SARA 311/312 hazard categories Respiratory or skin sensitization.

SARA 313 toxic chemicals No ingredient listed in Section 3 is subject to the supplier notification requirements of 40 CFR 372.

CERCLA reportable quantity No ingredient listed in Section 3 is a CERCLA hazardous substance.

State right-to-know No ingredient listed in Section 3 with a known identity is on the Massachusetts, New Jersey or Pennsylvania right-to-know lists. No data are available for the fragrance ingredients.

California Proposition 65 No ingredient listed in Section 3 is on the Proposition 65 list.

SECTION 16. OTHER INFORMATION, INCLUDING DATE OF PREPARATION OR LAST REVISION

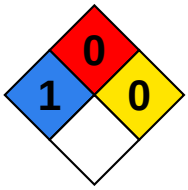

Date of preparation or last revision

Issue date 2026-10-26 **Version** 1

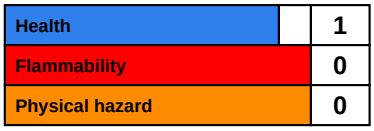

Date of first issue 2026-10-26 **Supersedes** Earlier SDS, unnumbered

Hazard ratings

NFPA 704

HMIS

NFPA 704 ratings run from 0 (minimal hazard) to 4 (severe hazard). HMIS rating scale: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe. Personal protection: see Section 8.

NFPA 704 and HMIS ratings are provided for reference only and are not part of the GHS classification.
