ECO CLEAN · TECHNICAL DATA SHEET

Dish Machine Detergent

Liquid detergent for commercial and industrial automatic dishwashing machines. It is fed by automatic dispensing equipment, at the dose set for the machine.

BENEFITS

- Made for commercial and industrial dish machines
- Fed automatically by dispensing equipment
- Concentrated liquid: most effective at about 2% dilution

USES

Where to use

- Commercial and industrial kitchens with automatic dish machines

What to clean

Dishes, glassware and utensils washed in automatic dish machines.

DIRECTIONS

1. Connect the container to the dish machine's automatic dispensing equipment and follow the machine instructions for use and dilution.
2. Wear the protective equipment on the SDS when connecting, changing or refilling containers.
3. Not for hand dishwashing or for household dishwashers.
4. Do not use on aluminum, zinc, tin or galvanized metal.
5. Do not mix with acids, chlorine bleach or other cleaning products or chemicals.

Dilution: Set by the dish machine's dispensing equipment, following the machine instructions; most effective at about 2% dilution.

AVAILABLE PACKAGES

Code	Package	UPC
D11030	Case of 4 jugs, 4 x 1 US gal (3.785 L)	787302110308
D11089	Pail, 5 US gal (18.93 L)	787302110896

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid	**Color**	Red
Odor	Little or no odor	**pH**	12.4 to 12.6 measured (undiluted, at the upper limit of the meter); calculated above 13
Relative density (water = 1)	1.08 to 1.09	**Flash point**	No flash point (water-based solution)
Flammability	Not flammable	**Solubility in water**	Completely miscible

SAFETY

DANGER

May be corrosive to metals. Causes severe skin burns and eye damage.

Hazard ratings

Health	3
Flammability	0
Physical hazard	0

NFPA 704 and HMIS ratings: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe.

Personal protection	**Eyes and face:** Chemical splash goggles when handling the undiluted product, such as when changing containers or filling dispensers. Add a face shield when pouring or wherever splashing is likely. **Hands:** Alkali-resistant gloves, such as nitrile, neoprene, butyl rubber or polyvinyl chloride. Confirm breakthrough time with the glove manufacturer for the conditions of use.
Storage	Store in the original, closed container in a cool, well-ventilated area, out of direct sunlight and away from heat. Store locked up, out of reach of children. Protect from freezing. Keep away from acids and the other incompatible materials listed in SDS Section 10. Store away from food and food packaging materials. Do not store in aluminum, galvanized or other reactive metal containers; the original plastic containers are suitable.
Emergency	Poison Control: 1-800-222-1222 (24 hours)

Make sure your employees read and understand the Safety Data Sheet (SDS) and the product label before use. Safety values on this sheet are taken from SDS-D11030-D11089 version 1 (2026-10-25). SDSs in English and Spanish are available at www.gascoindustrial.com, from your sales representative or at (787) 737-4000.
