Drain Opener

Highly alkaline liquid drain opener for the maintenance and unclogging of drains and pipes, including PVC. Used undiluted in institutional and industrial facilities.

BENEFITS

- Highly alkaline for drain maintenance and unclogging
- Works in PVC pipes
- Small dose: 20 to 50 mL per drain
- Acts in 1 to 5 minutes

USES

Where to use

- Restaurants
- Butcher shops
- Food processing plants

What to clean

Drains and pipes, including PVC.

DIRECTIONS

1. Clear debris from the drain opening.
2. Use undiluted: pour 20 to 50 mL of product slowly and directly into the drain, keeping your face away from the drain.
3. Wait 1 to 5 minutes, then flush the drain with water for 5 minutes. Do not let the product dry in the drain.
4. Do not use a plunger or other tool while the product is in the drain.
5. Do not use in drains that contain other drain openers, acids or cleaning products, and do not mix with acids or other chemicals.
6. Do not use on aluminum, zinc, tin, chrome-plated, galvanized or painted surfaces, or in pipes or fittings made of these metals.
7. For professional use.

AVAILABLE PACKAGES

Code	Package	UPC
D10107	Case of 12 trigger-spray bottles, 12 x 32 fl oz (946 mL)	787302101078
D10106	Case of 4 jugs, 4 x 1 US gal (3.785 L)	787302101061

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid	**Color**	Clear, colorless
Odor	Odorless	**pH**	Greater than 13 (undiluted)
Relative density (water = 1)	Approx. 1.26	**Flash point**	No flash point (water-based solution)
Flammability	Not flammable	**Solubility in water**	Completely miscible

SAFETY

DANGER

May be corrosive to metals. Harmful if swallowed. Causes severe skin burns and eye damage.

Hazard ratings

Health	3
Flammability	0
Physical hazard	0

NFPA 704 and HMIS ratings: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe.

Personal protection	**Eyes and face:** Chemical splash goggles, and a face shield when pouring the product or wherever splashing is likely. **Hands:** Alkali-resistant gloves, such as nitrile, neoprene, butyl rubber or polyvinyl chloride. Confirm breakthrough time with the glove manufacturer for the conditions of use.
Storage	Store in the original, closed container, upright, in a cool, well-ventilated area, out of direct sunlight and away from heat. Store locked up. Protect from freezing. Keep away from acids and the other incompatible materials listed in SDS Section 10. Store away from food and food packaging materials. Do not store in aluminum, galvanized or other reactive metal containers; the original plastic containers are suitable.
Emergency	Poison Control: 1-800-222-1222 (24 hours)

Make sure your employees read and understand the Safety Data Sheet (SDS) and the product label before use. Safety values on this sheet are taken from SDS-D10107-D10106 version 8 (2026-10-25). SDSs in English and Spanish are available at www.gascoindustrial.com, from your sales representative or at (787) 737-4000.
