GASCÓ CLEAN · TECHNICAL DATA SHEET

Grease Destroyer

Biological grease trap and drain line maintainer: a liquid concentrate of cultured microorganisms, enzymes and surfactants. It breaks down animal fats, oils and other organic matter that build up in drain lines and grease traps, and reduces objectionable odors.

BENEFITS

- 200 million microorganism colonies per mL digest fats, oils and organic matter
- Enzymes break down fats, starches, proteins and paper
- Surfactants help liquefy grease
- Helps keep drain lines flowing and reduces odors

USES

Where to use

- Commercial facilities
- Institutional facilities
- Factories

What to clean

Grease traps and drain lines.

DIRECTIONS

1. Initial dose: add 32 oz of product to the grease trap on the first day of use.
2. Maintenance: add 4 to 6 oz daily per 25 cubic feet of grease trap capacity.
3. Works best at pH 5.5 to 9 and at 50 to 120 °F (10 to 49 °C).
4. Pour the product; do not spray it.
5. For drains and grease traps only. Do not use on food or food-contact surfaces.
6. Do not mix with bleach, drain openers, acids or other cleaning products or chemicals.

AVAILABLE PACKAGES

Code	Package	UPC
D10093	Case of 4 jugs, 4 x 1 US gal (3.785 L)	787302100934
D10097	Pail, 5 US gal (18.93 L)	787302100972

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid	**Color**	Light brown (caramel)
Odor	Mild fermentation odor	**pH**	6 to 7
Relative density (water = 1)	Approx. 1.01	**Flash point**	No flash point (water-based liquid)
Flammability	Not flammable	**Solubility in water**	Completely miscible

SAFETY

Hazard ratings

Health	1
Flammability	0
Physical hazard	0

NFPA 704 and HMIS ratings: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe.

Personal protection	**Eyes and face:** Safety glasses with side shields. Use chemical splash goggles where splashing is likely, such as when pouring from pails. **Hands:** Not required for use as directed. For prolonged or repeated contact, wear waterproof gloves, such as nitrile rubber.
Storage	Store in the original, closed container in a cool, dry, well-ventilated area, out of direct sunlight and away from heat. Protect from freezing. Keep away from strong oxidizing agents, such as bleach, and from strong acids and strong bases. Store away from food and food packaging materials.
Emergency	Poison Control: 1-800-222-1222 (24 hours)

Make sure your employees read and understand the Safety Data Sheet (SDS) and the product label before use. Safety values on this sheet are taken from SDS-D10093-D10097 version 8 (2026-10-25). SDSs in English and Spanish are available at www.gascoindustrial.com, from your sales representative or at (787) 737-4000.
