ECO CLEAN · TECHNICAL DATA SHEET

Laundry Alkaline

Concentrated alkaline builder for industrial and institutional laundries. It boosts the alkalinity of the wash and helps remove greasy and oily soils and stains.

BENEFITS

- Boosts detergent cleaning power on heavily soiled linens
- Helps remove greasy and oily soils and stains
- Water conditioner for better results in hard water
- Concentrated, for automatic dispensing systems

USES

Where to use

- Hospitals and care centers
- Hotels and motels
- Institutional laundries

What to clean

Washable fabrics, in the wash of industrial and institutional laundries.

DIRECTIONS

1. Feed into the wash through the automatic dispensing system. Gascó technicians install dosing equipment suited to your needs and set the dose.
2. Never mix the undiluted product with acids, laundry sours, bleach or other chemicals; keep the feed lines of each product separate and labeled.
3. When diluting, add the product to the water.
4. Do not use on aluminum, zinc, tin or galvanized metal. For professional use only.

AVAILABLE PACKAGES

Code	Package	UPC
D11075	Pail, 5 US gal (18.93 L)	787302110759
D11077	Drum, 55 US gal (208.2 L)	787302110773

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid	**Color**	Clear, colorless
Odor	Odorless	**pH**	13 to 14 (undiluted)
Relative density (water = 1)	1.10 to 1.20	**Flash point**	No flash point (water-based solution)
Flammability	Not flammable	**Solubility in water**	Completely miscible

SAFETY

DANGER

May be corrosive to metals. Causes severe skin burns and eye damage.

Hazard ratings

Health	3
Flammability	0
Physical hazard	0

NFPA 704 and HMIS ratings: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe.

Personal protection	**Eyes and face:** Chemical splash goggles. Add a face shield when connecting, changing or transferring pails or drums, or wherever splashing is likely. **Hands:** Alkali-resistant gloves, such as nitrile, neoprene, butyl rubber or polyvinyl chloride. Confirm breakthrough time with the glove manufacturer for the conditions of use.
Storage	Store in the original, closed container in a cool, well-ventilated area, out of direct sunlight and away from heat, at 5 to 40 °C (41 to 104 °F). Store locked up. Keep away from acids, laundry sours and the other incompatible materials listed in SDS Section 10. Store away from food and food packaging materials. Do not store in aluminum, galvanized or other reactive metal containers; the original plastic pails and drums are suitable.
Emergency	Poison Control: 1-800-222-1222 (24 hours)

Make sure your employees read and understand the Safety Data Sheet (SDS) and the product label before use. Safety values on this sheet are taken from SDS-D11075-D11077 version 1 (2026-10-25). SDSs in English and Spanish are available at www.gascoindustrial.com, from your sales representative or at (787) 737-4000.
