GASCÓ CLEAN · TECHNICAL DATA SHEET

Laundry Bleach 5%

Sodium hypochlorite fabric whitener (laundry bleach) for industrial and institutional laundries. It cleans and whitens fabrics and is dosed into the wash water through dilution and dispensing systems.

BENEFITS

- Removes a broad range of stains
- Cleans and whitens fabrics
- Effective in cold water
- Easy to set up in a dispensing system

USES

Where to use

- Hospitals and care centers
- Multi-unit residential buildings
- Industrial and institutional laundries

What to clean

Washable fabrics, in the wash water.

DIRECTIONS

1. Dose into the wash water through a laundry dilution and dispensing system.
2. Consult your Gascó technician about the correct use of the product.
3. In the wash, combine only with water and laundry detergent. Do not premix with other chemicals.
4. Never mix with acids (including laundry sours) or ammonia: mixing releases toxic gases.
5. For use in industrial and institutional laundries only.

AVAILABLE PACKAGES

Code	Package	UPC
D10054	Drum, 55 US gal (208.2 L)	787302100545

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid	**Color**	Clear, pale yellow
Odor	Chlorine-like	**pH**	12 to 13
Relative density (water = 1)	Approx. 1.08	**Flash point**	Not applicable (does not burn)
Flammability	Not flammable	**Solubility in water**	Completely miscible

SAFETY

DANGER

May be corrosive to metals. Causes severe skin burns and eye damage.

Hazard ratings

Health	3
Flammability	0
Physical hazard	0

NFPA 704 and HMIS ratings: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe.

Personal protection	**Eyes and face:** Chemical splash goggles. Add a face shield when pouring or transferring the product or connecting drums to dispensing equipment. **Hands:** Chemical-resistant gloves, such as nitrile rubber (as the product label directs), neoprene, butyl rubber or PVC. Confirm breakthrough time with the glove manufacturer for the conditions of use.
Storage	Store upright in the original, closed drum in a cool, dry, well-ventilated area, away from direct sunlight and heat; the product loses strength faster at higher temperatures and in light. Store locked up and out of the reach of children. Keep away from acids (including laundry sours), ammonia and ammonium compounds, reducing agents, organic materials and the other incompatible materials listed in SDS Section 10. Use corrosion-resistant containers and equipment, such as high-density polyethylene; do not use aluminum, copper, brass, zinc or unprotected steel.
Emergency	Poison Control: 1-800-222-1222 (24 hours)

Make sure your employees read and understand the Safety Data Sheet (SDS) and the product label before use. Safety values on this sheet are taken from SDS-D10054 version 9 (2026-10-25). SDSs in English and Spanish are available at www.gascoindustrial.com, from your sales representative or at (787) 737-4000.
