ECO CLEAN · TECHNICAL DATA SHEET

Laundry Sour

Laundry sour (fabric neutralizer) for the final rinse in industrial and institutional laundries. It neutralizes residual alkalinity and excess bleach in the rinse water and restores the pH of the linen.

BENEFITS

- Neutralizes residual alkalinity in the rinse
- Neutralizes excess bleach in the rinse water
- Restores the pH of the linen
- Made for automatic dispensing systems

USES

Where to use

- Hospitals and care centers
- Hotels and motels
- Institutional laundries

What to clean

Washable fabrics, in the final rinse of industrial and institutional laundries.

DIRECTIONS

1. Feed into the rinse water through the automatic dispensing system. Set the dose with your Gascó technician.
2. Never mix the undiluted product with bleach, alkaline detergents or other chemicals: mixing with bleach or other chlorinated products releases toxic chlorine gas.
3. Keep the feed lines of the sour, the bleach and the alkaline products separate and labeled.
4. Wear the protective equipment in Section 8 of the SDS when connecting, changing or transferring drums.
5. For professional and institutional laundry use only.

AVAILABLE PACKAGES

Code	Package	UPC
D11066	Drum, 55 US gal (208.2 L)	787302110667

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid	**Color**	Clear, light yellow
Odor	Slightly acidic	**pH**	Less than 2 (undiluted)
Relative density (water = 1)	Approx. 1.20	**Flash point**	No flash point (water-based solution)
Flammability	Not flammable	**Solubility in water**	Completely miscible

SAFETY

DANGER

May be corrosive to metals. Causes severe skin burns and eye damage.

Hazard ratings

Health	3
Flammability	0
Physical hazard	0

NFPA 704 and HMIS ratings: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe.

Personal protection	**Eyes and face:** Chemical splash goggles. Add a face shield when connecting, changing or transferring drums, or wherever splashing is likely. **Hands:** Acid-resistant gloves, such as nitrile, neoprene, butyl rubber or polyvinyl chloride. Confirm breakthrough time with the glove manufacturer for the conditions of use.
Storage	Store in the original, closed container in a cool, well-ventilated area, out of direct sunlight and away from heat, at 5 to 40 °C (41 to 104 °F). Store locked up. Keep away from bleach, alkaline detergents and the other incompatible materials listed in SDS Section 10. Store away from food and food packaging materials. Do not store in aluminum, galvanized, carbon steel or other metal containers; the original plastic drums are suitable.
Emergency	Poison Control: 1-800-222-1222 (24 hours)

Make sure your employees read and understand the Safety Data Sheet (SDS) and the product label before use. Safety values on this sheet are taken from SDS-D11066 version 1 (2026-10-25). SDSs in English and Spanish are available at www.gascoindustrial.com, from your sales representative or at (787) 737-4000.
