Toilet Bowl Cleaner Acid Formula

Acid cleaner for toilet bowls, urinals, sinks and other porcelain bathroom surfaces. It removes hard-water stains, scale and rust as it cleans.

BENEFITS

- Removes hard-water stains, scale and rust
- Cleans and deodorizes
- Undiluted for heavy jobs, diluted for light jobs

USES

Where to use

- Health care centers
- Restaurants and cafeterias
- Schools and universities

What to clean

Toilet bowls, urinals, sinks and other porcelain bathroom surfaces.

DIRECTIONS

1. Heavy jobs: apply undiluted with the sprayer or bottle to all porcelain surfaces, covering corners and crevices.
2. Leave it on 1 to 2 minutes (up to one hour for difficult stains), then scrub and rinse with clean water.
3. Light jobs: dilute with water (see Dilution).
4. Never mix with bleach, ammonia or other cleaning products: mixing with bleach releases toxic chlorine gas. Flush the toilet before using another product in the bowl.
5. Do not use on aluminum, galvanized or carbon steel, decorative brass, marble or other stone.
6. For professional use only.

Dilution: Heavy jobs: undiluted. Light jobs: 4 oz per gallon of water.

AVAILABLE PACKAGES

Code	Package	UPC
D10080	Case of 12 trigger-spray bottles, 12 x 32 fl oz (946 mL)	787302100804

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid	**Color**	Blue
Odor	Wintergreen	**pH**	Less than 1.0 (undiluted)
Relative density (water = 1)	Approx. 1.01 to 1.05	**Flash point**	No flash point (water-based solution)
Flammability	Not flammable	**Solubility in water**	Completely soluble

SAFETY

DANGER

May be corrosive to metals. Causes severe skin burns and eye damage.

Hazard ratings

Health	3
Flammability	0
Physical hazard	0

NFPA 704 and HMIS ratings: 0 minimal, 1 slight, 2 moderate, 3 serious, 4 severe.

Personal protection	**Eyes and face:** Chemical splash goggles. Add a face shield when pouring or transferring the product, or wherever splashing is likely. **Hands:** Acid-resistant gloves, such as nitrile, neoprene, butyl rubber or polyvinyl chloride. Confirm breakthrough time with the glove manufacturer for the conditions of use.
Storage	Store in the original, closed container in a cool, well-ventilated area, out of direct sunlight and away from heat. Store locked up. Keep away from bleach, ammonia, alkaline cleaners and the other incompatible materials listed in SDS Section 10. Store away from food and food packaging materials. Do not store in aluminum, galvanized, carbon steel or other metal containers; the original plastic bottles are suitable.
Emergency	Poison Control: 1-800-222-1222 (24 hours)

Make sure your employees read and understand the Safety Data Sheet (SDS) and the product label before use. Safety values on this sheet are taken from SDS-D10080 version 1 (2026-10-25). SDSs in English and Spanish are available at www.gascoindustrial.com, from your sales representative or at (787) 737-4000.
